

# Declaration of Conformity

We declare under our sole responsibility that the product

## INVERTER series J1000

as listed below following the provisions of

EMC Directive 2004/108/EC

CIMR-	J	C	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	
	1	2	3	4	5	6	7	8	9												
1-Inverter Series																					J: J1000 Inverter Series
2-Area or Re-brands																					A : Japanese specification, B : Chinese specification, C : European specification, R : Customized specification, U : USA specification, T : Asia specification, Z : OYMC specification
3-Input Voltage																					4: Three phase 400V 2: Three phase 200V B: Single Phase 230V
4-Customised Specification																					A - Z: A: Standard
5-Rated Output Current																					0001 to 0020 (unit is Ampere)
6-Enclosure Type																					B : IP20 C : IP20 with upper cover F: NEMA Type 1 J : Finless IP20
7-Coating Specification																					A- Z A: Standard
8-Version																					A: 1 <sup>st</sup> Version (B: 2 <sup>nd</sup> version , etc.)
9- VAG Code																					1234: VAG Code (0000 to 9999)

Appropriate harmonized standard:

**EN 61800-3:2004**

The inverters correspond:

**Category C3**

List: Single phase 230V 0001 to 0010, Three phase 200V 0001 to 0020 and three phase 400V 0001 to 0011

The inverters keep the emission limits of :

**Category C1**

List: Single phase 230V 0001 to 0010, Three phase 200V 0001 to 0020 and three phase 400V 0001 to 0011

Appropriate harmonized standard:

**EN 61000-3-2:2006**

**Yaskawa Europe GmbH  
Hauptstrasse 185  
65760 Eschborn, Germany**
